Advance Bulb List -- Fall 1950

To our clients and all their gardening friends we offer our selection of the WORLD'S FINEST spring-flowering bulbs for 1950 fall planting. From the hundreds of varieties which flowered in our trial gardens here this spring we have selected the best for this list. Some are old favorites, others are brand new -- all are recommended. We have capitalized the names of some we wish especially to call to your attention.

Our display this season was featured by new tulips such as Breeder Bronze Glory, Darwins Atlantic and Little Queen Bess, Parrots Admiral Doorman and Black Parrot, all listed in their respective sections. Six new varieties were added to our collection of pink-crowned daffodils. They will be found on pages 9 and 10. Twelve new hyacinths of great beauty bloomed here this year for the first time in America. Most of these are still too rare to offer but a few of the more plentiful novelty hyacinths will be found among the standard varieties on page 12.

Remember, this is an ADVANCE LIST. We stock only a small fraction of this offering in the fall. Most newer varieties and some older ones are not plentiful this year. So to avoid disappointment send in your order as soon as possible after receiving this list.

FOR AN INTRODUCTION TO THE BEST AT CONSIDERABLE SAVING WE RECOMMEND:
